[/ Home](#) / [Guides and Documents](#)

As a result of the Issue Submission process, including deliberation and acceptance, the Conference for Food Protection may form a Committee that is charged with producing a guidance document related to retail food safety.

The guidance documents are drafted through a representative Committee process and submitted back to the Conference for final review and approval. The guidance documents may be used by the FDA, other regulatory agencies, and the food industry and may be referenced in the Food Code. They are available to any interested parties.
